

About Us

Epstein Becker Green (EBG) is a national law firm that focuses its resources on health care, life sciences, and workforce management solutions, coupled with powerful litigation strategies. Through multidisciplinary client solutions, we become an extension of your in-house team. At EBG, we spend our time deeply immersed in our clients' operations so that we can experience their pressures, understand their industry-specific challenges, and address their needs efficiently.

Based in locations across the country, our close-knit teams focus on the latest developments and trends impacting our clients in health care, life sciences, financial services, retail, hospitality, technology, media, and telecommunications, among other industries. As former in-house counsel, regulators, and government officials, we go beyond the law to provide practical, plain-English advice that companies from early-stage start-ups to *Fortune* 100 companies can implement to their best advantage.

Client Relationships Built on Trust

Regardless of the size or scope of their challenges, clients come to us for perspective, clarity, and confidence. We've been in their shoes and have experienced the value of succinct, practical answers that minimize distraction and keep businesses moving forward. Most recently, our commitment to exceeding expectations earned our place in the *BTI Client Service A-Team 2022: The Survey of Law Firm Client Service Performance*.

Practical Insights for Confident Decisions

As the legal and regulatory landscape continues to shift, we provide convenient access to the laws, regulations, and updates our clients need to manage their workforces and protect their innovations in all 50 states. Our vast and ever-expanding library features engaging and easily accessible articles, videos, podcasts, and apps to put clients in control of how and when they receive their updates.

Individual Experience That Benefits the Whole

Our hands-on, real-world experience sets us apart. We are former general counsel of major corporations and staff counsel to congressional committees. We've held key positions within U.S. government agencies and in U.S. Attorneys' offices. Our instincts and insight inform confident decisions based on realistic outcomes. And when a client brings us a novel challenge, we won't hesitate to leverage the experience of our colleagues in other offices and practice areas to find solutions.

How We Add Value

Cutting-Edge Strategic Alliances

We have developed strategic alliances that offer holistic solutions to our clients. Global employers find comprehensive solutions to workforce issues through our alliance with Deloitte Legal. Health care companies rely on EBG Advisors to see a project from ideation to full implementation.
