From David Matyas, Member of the Firm:

Carolyn has a long list of professional accomplishments as she was a nationally known expert in disability-related employment and accessibility issues. Not only was she a partner at several prominent law firms, but over the years, she also held a number of high level government posts. If you are less familiar with her and her professional experiences, [please see her biographical statement here](#).

Carolyn was not only a talented attorney but also a special, caring, and devoted mother, wife, and friend. She will be missed.
